AHEY & CO e Hig Store

The great January Sales at the Big Store are attracting wider attention than even before. Why? Preparations have been upon a larger scale and the prices quoted are lower. We've seen carefully to this—that prices and quadities are going to become more and more satisfactory. These sales offer strong testimony in favor of Big Store merchandising; and that the public thoroughly appreciate the advantages offered is shown by the January crowds in our two big stores.

STORE.

The reason for the rapid progress of this store is found in the ready acceptance of the modern trade thought—the ability to buy lar, dy-judiciously-and distribute - economically—tne spirit of aggressiveness that in season or out of season presents such exceptional values as to attract and hold the attention of the best housekeepers and most clever anoppers.

It takes time to learn a store thoroughly, especially if the store is one that keeps moving. Many a women who buys her Underwear and Millinery here has a husband who hasn't discovered the superiority of our Men's Furnishings.
